Birthlight Certified Aquatic Centres in China

During the Light on Parenting Conference in Beijing, China, December 2017, the Birthlight team had the great opportunity to meet with baby swim school owners and teachers. From these meetings and working closely with our water course organiser, Sunny, Birthlight has revised and is now re-launching its Birthlight Aquatic Centre Certification in China.

The Birthlight Aquatic Centre Certification is a way, not only to become a Birthlight worldwide-recognised centre, but also to get an annual support from Birthlight whilst staying an independent baby swim centre.

So, if your baby swim and Aquanatal teachers are all birthlight-trained and if you would like to carry on getting an annual birthlight support, then please contact Sunny for more details about the certification. The certification is subject to a check in term of teacher qualification, pool hygiene, customer care and respect to the Birthlight Code of Ethics and Good Practice.

For more information:

Certification or teacher training in baby swimming or Aquanatal Yoga in China, please contact: Sunny, Shan Xiao Lu, 81337195@qq.com

Any other query, please contact Sylvie Russell sylvie@birthlight.com
